- 4. To carry out the records program responsibilities in the components, the Deputy Directors and Heads of Independent Offices should direct each immediately subordinate Staff, Office, and Division to designate at least one individual whose primary function will be to serve as the Records Management Officer for that component.
- 5. I will be providing an initial report on the Board's progress to the Executive Director on 30 September. The report will include a plan for the Agency records purge, including target dates for records reduction and whatever measures may be required to ensure responsiveness throughout the Agency. In order to meet this deadline, it is requested that a report be submitted by each addressee through his Board representative of the initial actions taken and the plans being developed on this matter.
